

FANTEC BeastVision HD
Professional action camera

BEASTVision HD

PROFESSIONAL ACTION CAMCORDER

FANTEC BeastVision HD

The FANTEC BeastVision HD action camera is perfect for athletic excellence and spectacular footage of professional athletes and serious amateurs, no matter whether on land, sea or in the air. Record yourself and your action close up and from your own point of view. The Action Camera offers a brilliant picture quality, extensive premium equipment, flexible use options and a fun movie experience that is second to none. Start recording your sporting achievements, razor-sharp in Full HD 1080p with 1920 x 1080 pixels and 30 frames per second. Slow motion shooting at 60 frames per second (1080i) or super slow motion shooting at up to 120 frames per second (in WVGA) provide even more spectacular action shots. The Beast Vision HD is equipped with an image sensor and the latest generation of Ultra Sharp lens for very bright images with unparalleled definition. The BeastVision HD Basic Edition includes a TFT color display and numerous mounting utensils.
